

This index covers issues of *In Touch* as published on the NBB website dated February and May 2001, between August 2003 and August 2005, February 2006, and between February 2007 and August 2013.

It does not include references to items which occur as standard within each issue such as branch officer contacts, secretarial notes forthcoming events etc. for which the information remains static between issues. The aim has been to report articles, items of interest, branch events and items of particular note that were discussed at AGMs or other business meetings.

Quarter peals and peals appear in separate indexes. Individual ringers and other people are only mentioned if they are the subject of an article i.e. an obituary or significant event.

The index is organised in word-by-word order. All places mentioned are in Buckinghamshire, or the Milton Keynes area, unless the county or country is given. The abbreviation NBB is used for North Bucks Branch, and ODG is used for Oxford Diocesan Guild. Place names are not inverted, so Great Linford appears under G.

Page references are given as the month and year of the issue, followed by the page number i.e. Feb 07 9 refers to page 9 of the February 2007 issue.
