

In Touch Quarter Peal Index

This index covers issues of *In Touch* as published on the NBB website dated February and May 2001, between August 2003 and August 2005, February 2006, and between February 2007 and August 2013. It only covers quarter peals, for peals please refer to the peals index.

The index is organised in word-by-word order, except where the heading is a method name, when the entries appear in the order of the number of bells, for example London Surprise Minor appears before London Surprise Major, similarly for the entries under 'methods' where the entries appear in the order of the number of bells, i.e. Doubles, Minor, Triples, Major etc. and then alphabetically.

All places mentioned are in Buckinghamshire, or the Milton Keynes area, unless the county or country is given.

Page references are given as the month and year of the issue, followed by the page number i.e. Feb 07 9 refers to page 9 of the February 2007 issue.

Where pages were not numbered such as in the Quarter Peal Supplement, this is referred to by the abbreviation Nov 07 QPS and no page numbers are given.

Where more than one peal or quarter peal appears on the same page as another at the same tower or of the same method the number of items appears in brackets in the reference, i.e. Cambridge Surprise Minor, quarter peals, Nov 07 QPS (x 3) shows that 3 quarters of the method appear in the Quarter Peal Supplement.
